MOVING?

TOWN OF ARLINGTON MOVING GUIDE

Moving can be a difficult task to handle. This guide has suggestions to help make this process less stressful.

It is important to plan ahead so that you don't violate any trash or recycling rules put in place by the Town of Arlington. This will also allow you to remain respectful to your neighbors and prevent you from leaving problems behind for the people moving in next.

When going through your rooms, consider items that can be donated, given away, recycled, or disposed of correctly. To save money and natural resources, consider looking for used moving boxes or renting reusable plastic tubs from local moving companies.

MOVING CHECKLIST

Books & Textiles: donate or give away

- Clothes
- Shoes
- Bed linens
